

Journey to Cuba

March 11-17, 2017

The arts run through the heart and soul of Cuba...which is why Source Events has customized this people to people program to include soul stirring music, art and dance. Whether meeting leaders of the gay community and learning about their struggles and successes, or visiting artists studios, the people you connect with will reveal the spirit of this fascinating, culturally rich island nation long off-limits to American travelers.

Get ready for an extraordinary, unforgettable journey through Cuba's colorful complex history via the place and people who bring it to life. You'll dine at the

finest Paladares, privately owned Cuban restaurants, and learn how Cuba's classic mid-century American cars stay on the road.

After falling in love with Old Havana and spending a day visiting Viñales Cuba's world UNESCO site, you'll have time on your own to explore what Havana has to offer.

With the recent opening of embassies and establishing normal diplomatic relations, Cuba is changing quickly. Now is the best time to visit!
